

ADVENTURE TOURS

Whitewater Rafting Wilderness

The crisp fresh air blows in as your guests in teams of five, guide their rafts along one of the last true discoveries of Malaysian river runners - the Sungai Selangor. Simply exhilarating! Experience the thrill of rafting in a combination of intense whitewater rapids to clear waters, a pristine river corridor and solitude. The Sungai Selangor is also ideal for adventurous first-timers with its multitude of rapids ranging from Class II to V. Prior to hitting the rapids with the flotilla, river guides will provide a Safety Talk, gear your guests up with safety vest, paddle and helmet, and show simple, easy-to-follow trip dynamics and techniques. Drinking water and on-river snacks will be provided to replenish energy. Only an hour and a half's drive from Kuala Lumpur to remote Kuala Kubu Bahru, this 3-hour experience in Sungai Selangor is the ultimate day trip.

TEAM-BUILDING (optional)

Fireflight Firefly

The trip starts with a scenic drive towards the former capital of Selangor Darul Ehsan (a state adjoining the federal capital of Kuala Lumpur) along coastal roads fringed with palm oil estates, coconut, banana and rubber tree plantations, and charming Malay villages. Our destination is Taman Alam, a nature reserve covering 240 hectares –home to some 150 species of birds and estimated 100 000 wading birds passing through here on their annual migration. Birdwatchers can take their place in one of the observation hides. Enjoy a breathtaking panoramic sunset on the historical hilltop of Bukit Melawati.

For the highlight of the trip, adjourn to the nearby Kampung Bukit Belimbing, the world's most promoted firefly colonies. A stream of *sampans* (wooden boats) will ferry your guests quietly along the Sungai Selangor to silently listen to the spectacular symphonic harmony of these fireflies while viewing their luminous flashes of light that is truly a magnificent sight to behold. The light show your guests will witness among the massive century-old swamp trees is often referred to as one of the natural wonders of the world. An incredible sighting for every nature lover and a unique experience.

CONSIDERATIONS

Rainy weather and a full moon will deter the magnificent showcase of light. The visit may be rescheduled to another day of fine weather. Mosquitoes and insects are commonly encountered during the night river cruise. Long sleeved shirts and long pants are recommended.

ENHANCEMENTS

1. Fresh seafood dinner can be catered in a local eatery.
2. Insect repellent for each guest.

Duration: 7 hours
Capacity: 150 persons

Speed Thrills With Go-Kart

Experience one of the fastest growing forms of motor sport in the world offering hi-speed thrills and great competition. Try it once, and you'll never look back! Whether your guests are experienced karters or rookies, an expert or a weekend warrior, they will enjoy a thrilling day of braking, sliding, cornering and skidding on one of the most sophisticated circuits in the world. They can test their skills and challenge their mates to a race on the 1.24km track of the Sepang F1 Circuit.
