

ADVENTURE TOURS

Eco-Overland To Tanjung Rhu

Embark on an eco-overland journey that is designed for your guests to learn about the ecology, environment and the culture of Tanjung Rhu. This destination is located in the northern cape of Langkawi Island and aptly named (in local language) for its abundance of casuarina trees. An experience to walk across to Pulau Pasir at low tide is not to be missed.

From Tanjung Rhu, we travel by a riverboat to the dense mangrove system where you can watch, wonder and learn about the unique tidal eco-system that supports a myriad of wildlife. Following that, you will visit a charcoal factory and a remote fishing outpost known locally as '*kelong*'. You will then proceed to enjoy authentic Thai cuisine in a restaurant set deep within the mangroves. A short journey by boat after lunch on Sungai Kirim will take you to the doorstep of Gua Cerita (Cave of Legends). As the name implies, the cave is known for many legendary tales.
