

POPULAR TOURS

Island Hopping

An excellent way to relax and take in scenic Langkawi is by a half-day boat cruise to discover a few interesting islands. This tour will take your guests to three of the most popular and beautiful islands of the Langkawi archipelago. The first island is Pulau Dayang Bunting, literally the island of a pregnant maiden. Many fabled tales surround this mysterious island that houses the largest lake in Langkawi. As the boat weaves its way through the water passageways between islands, your guests will reach Pulau Bras Basah. It is an island with fine sandy beaches. The tour's last stop will be Pulau Singa Besar located south west of Langkawi. This beautiful island is an appointed wildlife sanctuary in view of its interesting geology, flora and fauna. Other activities that your guests can participate in include snorkelling, bird watching and jungle trekking.

ENHANCEMENTS

1. Barbecue lunch on one of the islands.
2. Snorkelling.
3. Water sports.

Duration: 4 hours

Capacity: Maximum 200 persons

Underwater Secrets

For those who prefer a different view each day and are prepared for the changing moods of Mother Nature, a trip at the sea is the perfect solution. This cruise takes your guests to one of the gems of the Langkawi islands - Pulau Payar. Malaysia's first marine park and home to one of the world's most spectacular coral gardens, Pulau Payar provides the perfect environment for a myriad of diverse tropical marine life. A fully crewed private charter catamaran will take your guests to Malaysia's first and only reef platform off Pulau Payar. This unique operation offers your guests a luxurious reef experience second to none, utilising the absolute best that nature has to offer. There is a sun deck, an underwater observatory, a semi-submersible coral viewing tour (in a glass bottom boat) and scuba diving facilities with a semi-submerged dive platform. A lavish buffet lunch of local and international spread will be served before the rest of the afternoon is left free to soak up the sun or roam on the beach.

CONSIDERATIONS

This cruise is not recommended during the months of July/August due to rough sea conditions.

ENHANCEMENTS

1. Locally made straw hats.
2. Suntan lotion or sunscreen.
